## Auction & New Nurse!

By Juno N.

The CMS auction is coming up and the students are working hard to make museum-worthy works. The Malachite room is making spray painted pieces, and the Amethyst room is painting butterfly sculptures.

Maggie Moyers is officially the new nurse at our school. She is a former ER nurse, as well as a former nurse at a school that helps kids with special needs. She came to our school from her job at the emergency room since she missed the school environment. Her office is in the Toddler Primary building, but she visits the other buildings at least once a day.

## The Super Mario Movie Review

By: Casals S.

You've probably heard of The Super Mario Movie by now, but if you haven't, let me give you a quick review. The Super Mario Movie starts out strong, with a rap, and a fun, well done scene involving a very silly dog, a catastrophic plumbing accident, and great high quality animation.

The overall story is well done though the ending, and a few other scenes are a bit underwhelming. If you are going to see it, I recommend seeing it with a friend so you can share the experience. In the end, The Super Mario Movie is a fun movie to go see with a friend, and has its fair share of ups and downs. But it's a fun experience and I really recommend it to anyone who likes movies.

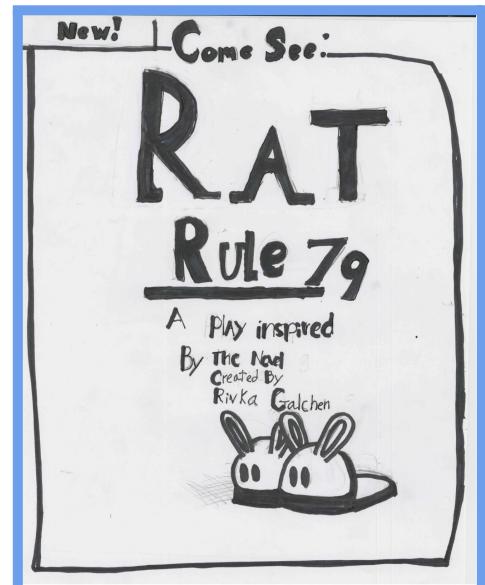

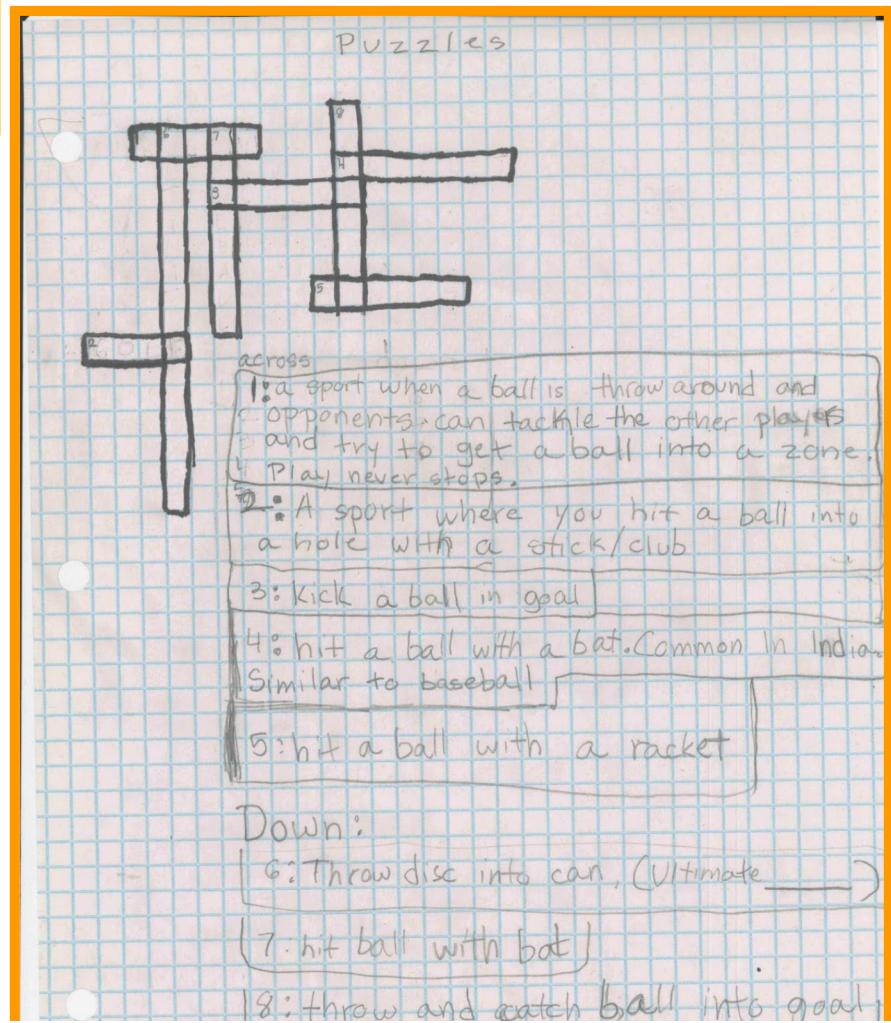

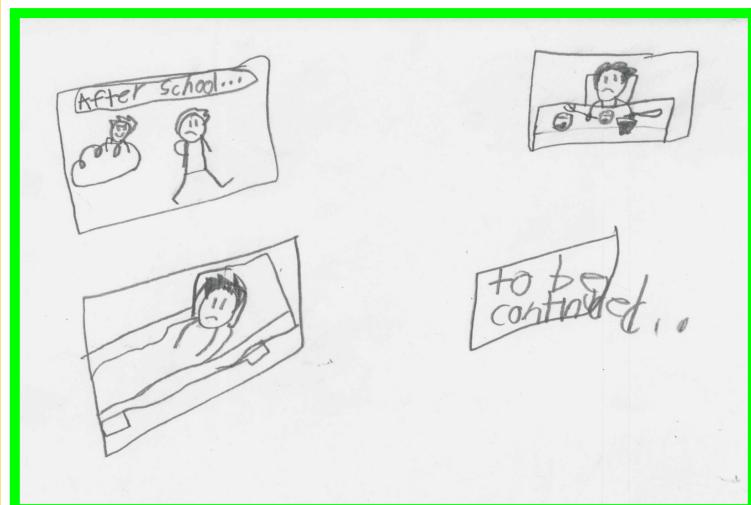

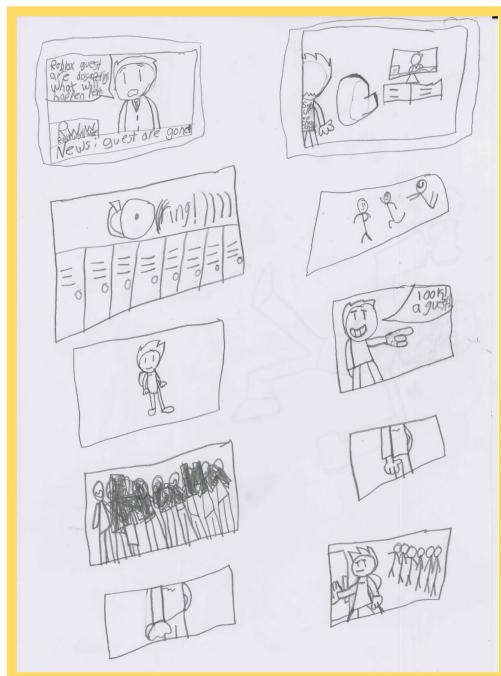

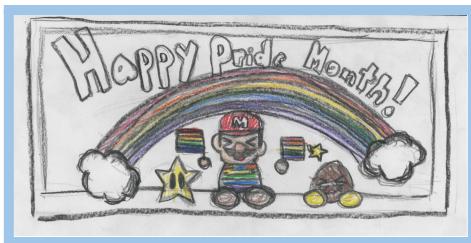

- "I enjoy the screen with the rainbow road, but I felt let down by the ending." Casals

## Strike Out

Luca P.

There was a gym game this Monday, 4/24 and we played kickball. The winning team, winning at an impressive 8-1. The MVP of the game was Anthony T. His fan favorite is when he kicked the ball to third and got home in one play. One of the MVP's favorites was not even his. It was when Asher D. kicked the ball out of sight and befuddled the entire losing team.
